Synopsis

The UK is an active member of ICOLD, contributing to the development of bulletins via the various ICOLD Technical Committees. This evening event will consist of a series of short presentations from the UK representatives of these technical committees. These talks will provide updates on recent developments in the respective committees with a brief overview of any new or emerging ICOLD bulletins.

Any views or opinions expressed on any matters by the presenters or participants during or in connection with this presentation are solely the views of the authors of the respective comments and/or opinions and must not be taken to be the views of the ICE or the British Dam Society or any other organisation. ICE and the British Dam Society make no representations, warranties or assurances concerning any information provided in these presentations and accept no responsibility for the content and/or accuracy.
