

The British Dam Society **Mentor scheme registration form**

Name	E-mail	Phone	Company	Location (city)

<b>Member of BDS?</b>	
<b>Please provide an overview of why you would like to join the mentoring scheme and what you would like to gain from it:</b>	
<b>Please provide details of any in-house support that you have from your employer specific to dams and reservoirs:</b>	

**Notes**

1. Please complete this form and return to **Mentoring@britishdams.org**
2. You will receive a response confirming receipt of the registration form and the mentor group that you have been assigned to.
3. The mentor scheme is structured so that each member is allocated to a mentoring group, which consists of at least one "All Reservoirs" Engineer and two "Supervising Engineers", and a number of other developing engineers.
4. It will be the responsibility of the developing engineers to arrange site visits and shadowing exercises with their mentor group and qualified civil engineers. A list of these will be made disseminated by the YP Mentoring Champion quarterly.
5. The above queries are to inform the committee on the goals and aspirations of the applicants so that a tailored programme of events can be produced.
