BDS Prize Competition Final

Four papers have been selected from fifteen entries to the BDS Prize Competition, which is open to members of the BDS under the age of 35. The four finalists will present their papers followed by questions from the audience. The judges will score their presentations and these will be added to the scores they received for their papers. The winner, to be announced at the end of the meeting, will receive £300 plus a week expenses paid trip to Malaysia to spend time at the construction site of the 62m high Bengoh Dam with the opportunity to attend the Hydropower and Dams Conference in Kuching on 29 & 30 March, if this timing suits the winner.

The papers to be presented (in alphabetical order) comprise the following:

Marchlyn Mawr Additional Stored Energy Project
By Giles Hird (MWH)

Design and construction of improvement works at Bruton Flood Storage Reservoir, Somerset
By Rachel Pether (Black & Veatch)

Remedial works at two Victorian embankment dams to allow safe passage of the Probable Maximum Flood
By Jonathan Walker (Mott MacDonald)

Research into the Hydrodynamic Forces and Pressures acting within Stepped Masonry Spillways
By Clare Winter (MWH)

BDS Photography Competition

Whilst the judges deliberate the scores for the BDS Prize Competition, David Littlemore will present the photographs entered into this year’s BDS Photography Competition. This will be followed by presentations to the prize winners.
